

# OATESDALE PARK

## Services & Rates

### Dry Mares

- \$10/day shared paddock
- \$12/day private paddock

### Mares with Foals

- \$12/day shared paddock
- \$14/day private paddock

- All the above prices include appropriate hay feeds.

- Mares that require extra feed (particularly under heavy lactation) are given a hard feed daily as required at increased cost after consultation with the owners.

**Welcome to Oatesdale Park, a 145 acre specialised agistment property located in the Gawler River area, five minutes from Adelaide Plains Equine Clinic.**

For the 2012 breeding season we will be providing quality agistment for mares that require A.I. and other related reproductive services carried out by APEC.

Facilities at Oatesdale Park include 18 paddocks, some irrigated pasture, electric fences, laneways, shelters and auto waterers.

A central laneway provides access to several yards, roundyard, stables and a vet handling complex with crush.

We grow our own lucerne, cereal and pasture hay and provide 24 hour supervision.

Please feel free to visit our website for further information.
